Dear Global Compliance Office,

Please find attached an independent Open Source Intelligence (OSINT) Dossier and its accompanying Cover Letter, addressed to the Chief Compliance Officer and the Audit Committee of the Board of Directors.

Executive Summary of the Attached Documents:

This dossier details a 24-month investigation into commercial anomalies within CrowdStrike's Brazilian channel ecosystem. Evidence gathered through OSINT indicates potential undisclosed conflicts of interest between CrowdStrike Brazil's sales leadership and the local reseller Betta Global Partner. These findings suggest possible related-party transactions, unfair competitive practices, and regulatory exposure under the FCPA and SEC rules, particularly concerning Brazilian government contracts.

Attached Documents:

1. Cover Letter — OSINT Investigative Dossier (PDF)
2. Full Dossier: Channel Integrity and Competitive Asymmetry — CrowdStrike Brazil & Betta Global Partner Operations (PDF)

We are submitting this report in good faith through the official compliance channel, providing CrowdStrike's global governance team the opportunity to review and respond before any public disclosure. We respectfully request written confirmation of receipt and a preliminary response within 14 calendar days.

Sincerely,

Nelson Sampaio

Host & Founder, PodNelson
